The Tokyo One-Stop Business Establishment Center is a center jointly operated by the Japanese government and the Tokyo Metropolitan Government. The center unifies the procedures that foreign companies and startups need to complete to establish a business, providing assistance for the prompt completion of various filing procedures, including those for certification of articles of incorporation, company registration, taxes, social security, and immigration. Staff members versed in administrative procedures provide consultations for free, and interpretation and translation services in multiple languages are also provided as needed. Over 6,000 people have used the center's services to date, and the number of applications to establish business is growing. Please come to the information session if you are thinking about setting up business in Tokyo.
